

# Say hello to Activix.

The leading Canadian Automotive CRM crafted for your dealership to sell more cars and serve customers your way.

## Your Data Command Center.

-  **A Perfect Fit with Your Tech Stack.**  
Boasting 75+ software integrations with Desking, DMS, trade-in software and more.
-  **A Single Platform for Every Process.**  
With a digital sales board, built-in delivery and task calendar, portfolio management and more, your processes will always be smoother.
-  **Centralization on Cruise Control.**  
Our CRM consolidates communications, processes and data, serving as the beating heart of your digital ops. No more rekeying.

## Client-Centric Success.

-  **Supercharged Communication Channels.**  
Calls, texts, emails, mass SMS or mail and video... everything is integrated. We even use your dealer's phone number and email.
-  **Automations Work, You Get the Credit.**  
We'll set you up with automated communications, flows, tasks and customer CSIs. Efficiency on auto-pilot.
-  **WebBoost: Boosted Response Times.**  
Our exclusive technology gets you on the phone with incoming web leads in 60 seconds.

## Delve in Your Data.

-  **Revolutionary Reporting.**  
Our live customizable one-click reporting provides your business with deep data on user, source, sales, performance and more.
-  **The Analytics Module Advantage.**  
Still need to go deeper? Empower decision-making with drill-down reports built for dealer groups and OEMs in mind.
-  **OEM Reporting Made Simple.**  
Whether you're an OEM or reporting to one, our tailored reports are built to manufacturer spec.
